ENLENS approves four new projects

ENLENS

Jun 24 - 2024

In the first semester of 2024, ENLENS approved four new projects. These projects cover a variety of subjects related to energy transition, such as sustainable value chains, green hydrogen projects, lithium mining, water desalination, CO₂ capture and utilization, just transition, and access to energy. The projects contribute to advancing progress, primarily in achieving the Sustainable Development Goals (SDGs): SDG 3 (Good Health and Well-Being), SDG 6 (Clean Water and Sanitation), SDG 7 (Affordable and Clean Energy), SDG 8 (Decent Work and Economic Growth), SDG 9 (Industry, Innovation, and Infrastructure), SDG 13 (Climate Action), and SDG 15 (Life on Land).

The four projects are currently available on the ENLENS website:

- **Data-Driven Optimization of Policy Strategies for Energy Transition and Sustainable Development Methodologies.** Coordinators: Dr. Jocelyne Vreede (FNWI) and Dr. Luc Fransen (FMG).

- **Exploring energy justice and multi-species rights in Southern Africa: a comparative study drawing on indigenous perspectives.**
Coordinators: Margaretha Wewerinke-Singh (FdR), Eileen Moyer (FMG) and Linda Musariri (FMG).
- **Carbon capture and utilization – the potential of keeping CO2 as feedstock in the Netherlands.** Coordinators: Sonja Pullen (FNWI) and Mark van der Veen (FEB).
- **Understanding the Just Transition through the lenses of Wellbeing, Justice, and Equity.** Coordinators: Matteo Fermeglia (FGW), Colin Hickey (FNWI), Aslin Unan (FGW) and Christina Eckes (FdR).

ENLENS CALL FOR PROJECT PROPOSALS

The research priority area 'Energy transition through the lens of Sustainable Development Goals' (ENLENS) announces its fifth call for project proposals. ENLENS unites researchers working on economic, environmental, technological, social, political, and business aspects of the energy system, the energy transition, and Sustainable Development Goals. Through this call, ENLENS will provide seed money for cross-faculty initiatives to generate new opportunities for researchers to apply their expertise in an interdisciplinary approach, and develop joint proposals for external research funding. The deadline is 1 October. For more information, access the ENLENS website at the link below:
